Performing Arts for Little Kids

# WHO ARE WE?

Imagine a world where anything is possible. Our Petite Performers program is designed to do just that! With a wide range of thematic classes, we encourage children to explore the limitlessness of their imagination through costumes, props, music and movement.

From ballet, acrobatics, jazz and hip-hop, there is a class for every little dancer to enjoy.

We are a mobile dance & arts (drama, visual arts) studio dedicated to helping busy parents find a healthy, creative, convenient & fun activity through movement, music, friends and dance. We know that we are doing more than just teaching a dance class, we are honoured with creating a caring, nurturing environment where kids can be kids. The children learn technique and concepts of dance, all while learning self-awareness, grace, poise, social skills, confidence and much more. We want every child to fall head-over-heels in love with dance (just like we did); to make long-lasting friendships, build confidence, feel valued and love every minute of learning and performing at our studios.

Our program is so much more than 'just another dance class'. We're the whole package - from scheduled

performances to customised lesson plans that meet each student's individual interests and goals. Petite Performers is committed to being the best dance experience "on the go" which means we endeavour to create a studio atmosphere of quality dance & arts education in every community location. We're here for your centre & every child, every step of the way.

Here at Petite Performers, we believe that dance is for everyone. That's why we're excited to offer on-site dance, drama and acrobatics classes for childcare centres and preschools in Queensland. We provide superior dance education, all while encouraging community and respect.

Our monthly dance syllabus has been developed in line with the Early Learning framework to enhance your centre's curriculum.

"Petite Performers goes the extra mile to make all children so welcome. We highly recommend them. Their teachers are amazing and have a genuine love for dancing and children. So if you have been thinking about joining your child, they will thank you for it."

# OUR PROGRAM & THE EYLF

The Petite Performers Curriculum ensures that a student can start their performing arts journey with us when they are 18 months old, and progress seamlessly throughout programs until the end of grade 12 & beyond.

New content, challenges and performance opportunities are provided throughout the curriculum, with each program responding carefully to each student's age, stage, social skills and confidence level.

### From the Owner

*“As an Early Childhood Educator myself (Bachelor of Early Childhood Education) I am completely aware of the well rounded program and education that young minds need to experience which is why we have ensured that our curriculum incorporates many of the required outcomes of the Early Years Learning Framework.”*

# OUR PARTNERSHIP MODEL

We partner with Childcare centres & Kindergartens that believe in the power of dance, drama & music. Our partnership model works in 2 ways:

- **Inclusive Model** - We take a full class through a program with all administration & payment through the childcare centre or;
- **Select Model** - Select students opt in for the program & the centre receives a per student fee bonus per term. This model incentivises both parties as we need approximately 20 students to run a viable program at each centre. The more enrolments, the greater the income for the centre.

How It Works:

- Petite Performers runs weekly classes on site (a choice of class style or multiple is possible)
- Petite Performers administers the entire program (with bonuses such as social media content, email marketing templates and shoutouts on our Dance Energy/ Petite Performers social pages with a combined total of 6,500+ local followers)
- The centre provides a suitable room or space
- The centre provides marketing support to help us fill classes (see below)
- Petite Performers pays a per student fee each term (for the “select” model only)
- Or Petite Performers issues the centre with an invoice once per term (for the “inclusive” model only)

The Fees:

#### Select Model

- 45 minute class
- \$160/term
- No enrol fee
- \$35 costume hire (end of year show - optional)

#### Inclusive Model

- \$120/hr at the centre/week (could be split up into 2 x 45 min sessions = \$180 etc)
- Minimum hour cost
- Single class is 45 minutes (takes into account set up etc)
- Paid via the centre (invoiced once per term)

Incursions & Excursions: Starting from \$197

Mini Course: Starting from \$397

Professional Development for Educators: Starting from \$497 \*custom to centres needs\*

“From a parent’s perspective the teachers are excellent, great with young kids, very caring and my daughter has grown attached to her teachers.”
